24th August 2011

Dear Mr. Kay-Mouat

On behalf of the Committee I should like to thank you for all the help you gave the West Show again this year.

It all seemed to go very smoothly, tents went up in what seemed like record time, people seemed totally in control of their specific areas, the rain held off on Thursday (although it was a bit cold watching the pageant) and people came in their thousands – well over 11,000 in total.

All in all, it seems to have been another very successful West Show due, in no small part, to the time and effort put into it by friends of the Show like you.

So, once again, many thanks for your help and your continued support.

Yours sincerely

Carole F Turner
President
